

CONSTELLATION TALENT AGENCY

New Talent Guidelines

At Constellation talent agency we hold ourselves as well as our talent to a higher standard. As such we need at least a baseline of information from our talents. Please keep in mind we require **all** information in this list, so if you do not have it available, please make the effort to do so.

- 1) **Photos** - A good set of photos displaying your versatility. Send at least 6 photos, including at least one headshot (close up) and one full length shot (Head to toe). Please keep the pictures under 1 megabyte each. If you need to know more about the type of shots needed, look up “actor’s headshot” in Google.

Note: If you need professional headshots Constellation can offer reduced rates from professional photographers. Just send an email to portfolios@1star1.cn

- 2) **Biography** – Explain your acting and/or performance history, anything *relevant* to you being chosen for a job. Remember it has to be relevant- this is the most important thing. In short, it is a brief summary of you as an actor/performer. Keep it short- about **3 paragraphs or less**.

- 3) **Actor’s Resume** – A complete list of your experience in the entertainment industry, perhaps also including and special skills or relevant hobbies. You should use a standard format; a template is available at <http://xingqun.1star1.cn/new/actorcvtemplate.doc>

- 4) **Physical Attributes** – a listing of your measurements and other attributes
 - i. Height, Weight
 - ii. Eye, Hair, Skin color
 - iii. Shoe Size
 - iv. Shoulder, Bust, Waist, Hips, Trouser Length, Sleeve, Collar

- 5) **(optional) Show Reel** – A short video, **less than 3 minutes** that showcases a sampling of your acting/performance work.

Note: If you need help creating your show reel, Constellation can offer great deals with video editors. Just send an email to portfolios@1star1.cn
